

# *DGC November Newsletter*

What is a weed? A weed is a plant whose virtues have not yet been discovered.

Ralph Waldo Emerson

Dear Members,

Those of us who attended the October meeting fared very well. Everyone complied with the safety restrictions and it was great to be reacquainted with DGC friends. The program by Patti Woods was very informative. She had our full attention with her extensive environmental knowledge.

Our November meeting will take place on November 17 at 1PM in the CCD Parlor. Carolyn Brink will dazzle us with her expertise and creativity. Her designs will be raffled off at the end of the meeting.

As we did last month, all in attendance must wear masks, have their temperature taken, and stay socially distant.

If you wish to attend this meeting, YOU MUST RSVP BY NOVEMBER 12. Simply call me at 718-428-1914 or respond to this email ASAP. I will get back to everyone and let you know if you will be able to attend or if you will be on a waiting list.

Again, no food will be served. Be sure to enjoy a nice lunch at home before you arrive. There will be no coffee or tea provided at this meeting but you can bring a to-go cup of your own or a water bottle.

There will be no "Ways and Means" on this date.

Please come to the meeting at 1:00PM. Remember not to park in the numbered spaces.

Please send in your \$50 dues. The DGC greatly appreciates all of you who have already paid dues. Thank you for your support!

Patricia Yoon has been busy with Civic Beautification. She has begun working with PS98 to do a planting at CTR Park. In-person students as well as remote learners will be able to participate with a few DGC volunteers at this safe event.

There will be no December, January or February meetings. We are unable to provide the kind of experience we usually enjoy in December and since this is the cold and flu season we on the Board are cancelling the December and February meetings. We normally do not meet in January. We can all hibernate for winter. A plan to return in the Spring is in the works. Of course, if circumstances allow, I will inform you of any changes to this plan.

March 2021 - the DGC turns "100"

Be well, stay safe. I thank you for your patience and understanding as we reconvene our Club. I am hoping to see you on November 17th!

I wish all of you and your loved ones a very blessed, safe, healthy, and bountiful Thanksgiving!

Best Regards,  
Lori Hinchey
